## PORTABLE EXHIBITION DISPLAYS

We have the **KRITE** solutions!

[www.eurotech.com.au](http://www.eurotech.com.au)

# Mark Bric Flexiframe

Flexiframe is the ultimate graphic display solution for all your retail, corporate & exhibition display needs. Possible configurations, design & layouts are endless plus the choice of colour make the opportunities almost infinite.

Renting from an exhibition company is usually very expensive & even more of a problem – your stand will look like all the other exhibitors.

Purchasing a Flexiframe system makes good economic sense & will really make you stand out in the crowd. Most organisations would have covered the cost of the purchase by the second exhibition, as compared with renting.

The flexibility of the Flexiframe means you can also use the system between the exhibitions & trade shows in its original form or readjusted to suit your display area such as the reception or showroom in your company... all by using the same panels.

**One of the world's most versatile display & exhibition systems!**

## WE OFFER THE FLEXIFRAME IN 4 DIFFERENT FORMS

### Basic Flexiframe Kits

### Advanced Flexiframe Kits

### Custom designed Kits

### Build your own Kits

# Velcro Panel Displays

The Velcro Panel Displays are a very portable display system for displaying various different poster sizes & information leaflets. They are commonly used by community centres here the latest news can be pinned up or attached easily & efficiently.

Each panel is approx 700mmW x 1000mmH & is extremely lightweight but rigid & strong. Panels can be placed in a portrait or Landscape format. Each panel is covered with velcro receptable fabric on both sides. You can choose between 6 different fabric colours & 16 different frame colours.

## EACH SYSTEM COMES WITH:

- Carry Bags (except the add on 2 panel)
- Connectors for backwall (connectors are available for different configurations)
- Instructions
- Panels (700mm x 1000mm)
- Optional headers (700mm x 300mm)

Item No	Description	Size(wxh)	Weight(approx)	Price
ET3-1001	6 Panel Display	2190mm x 2060mm	13KGS	
ET3-1002	6 Panel Display with Headers	2190mm x 2390mm	17.5KGS	
ET3-1003	8 Panel Display	2920mm x 2060mm	16KGS	
ET3-1004	8 Panel Display with Headers	2920mm x 2390mm	22KGS	
ET3-1005	10 Panel Display	3650mm x 2060mm	26.5KGS	
ET3-1006	10 Panel Display with Headers	3650mm x 2390mm	26.5KGS	
ET3-1007	Add on 2 Panel Kit	730mm x 2060mm	3.5KGS	
ET3-1008	Add on 2 Panel Kit with Headers	730mm x 2390mm	4KGS	

**TESTIMONIAL - "YOUR COMPANY'S SERVICE IS EXCELLENT WITH FRIENDLY STAFF. A PLEASURE TO DEAL WITH YOUR COMPANY!" MARK - WA**

# Standard Flexiframe Systems

The Flexiframe Systems can be purchased with frames only so you or your client can insert your own graphic panels. We highly recommend 5mm gatorfoam as the insert & if you want to just insert a poster you need to sandwich them between 2 pieces of clear plastic.

## ALL SYSTEMS INCLUDE

- Carry bags & connectors.
- You can choose your own frame colour to match your clients corporate colours

Item No	Description	Size(w x h)	Price
6000	Basic 3	2190mm x 1030mm

# Mark Bric Ego Exhibit

Introducing Mark Bric EGO - a revolutionary concept within displays & exhibition building. Ego gives wings to a bright new idea of having a distinctive graphic panel system with room for much more creativity & customised designs, compared to more limited stand building & pop-up systems. The construction virtually disappears in favour of the printed graphics, your message - visual communication at its best.

The new concept is delivered as a highly engineered, yet extremely simple building system using only three basic components. Ego can be assembled in virtually any size & shape configuration, with the structural integrity for mounting heavy accessory items such as LCDs, product showcases, & load bearing shelves. To keep things simple, Ego even provides completely tool-free assembly.

## Mark Bric EGO - Building on a bright idea™

# Mark Bric Ego Exhibit Customisation Options

Further customise your stand by adding a number of the attractive & functional ego accessories

- |                        |                     |

# Mark Bric Ego Exhibit

# Mark Bric ISOframe®

For large custom modular stands or for self-build portable systems, the new & unique Mark Bric ISOframe exhibition system is the intelligent choice. The ISOframe structure can be assembled quickly, thanks to the tool-free FASTclamp connector, & can be clad in any number of rigid, semi-rigid or flexible graphic panels. No specialist trades are required during set-up. This coupled with reduced storage & transportation costs, not to mention the re-usability of the system, means exhibiting becomes a lot more cost effective with ISOframe. Read more - [www.isoframe.com](http://www.isoframe.com)

## FULLY INTERCHANGEABLE

ISOframe is "one" system! Framework sections of the different models (Wave, Compact & Exhibit) can be combined into hybrid systems & the graphic panels (standardised at 400 mm/15.75" & 800 mm/31.5") between the models can be interchanged as well.

## ISOframe Wave™

ISOframe Wave is ideal for small & medium sized exhibit areas & will adapt to any size of stand. Choose Wave for maximum flexibility & simplicity. Wave is sold in kit form (Starters & Extensions).

## ISOframe Compact™

ISOframe Compact brings in more architectural features & a more rigid beam construction. Choose Compact for maximum in design & stability. Compact is sold in kit form (Starters & Extensions).

## ISOframe Exhibit™

ISOframe Exhibit is ideal for larger exhibit areas where a more advanced construction is needed. Choose Exhibit for maximum in versatility & size. Exhibit is sold in component form.

1. The flexible Wave link is a strong aluminium structure which enables you to instantly shape your display as desired. Reshape the link as needed, from straight to halfcircle, in either direction.
2. A full range of useful ISOframe accessories is available & can be easily attached to the system - holders for monitors & Pads, spotlights, literature holders etc.
3. The design of ISOframe delivers the utmost in functionality, attractive looks, quality finish & close attention to the smallest detail.
4. All ISOframe models incorporate our patented & tool-free FASTclamp connector - no more struggle with nuts & bolts used on other systems.

# ISOframe Wave™

The World's first fully flexible portable display system  
Stunning looks, infinite flexibility & extremely user-friendly -  
ISOframe Wave is the first portable display system combining the  
best of all worlds. Flex the entire exhibit wall into the shape you  
need at each venue, extend or reduce as required. All thanks to the  
unique Flexi-Wave link connector which connects every vertical  
post in the system. ISOframe Wave is ideal for small & medium sized  
exhibit areas where total flexibility is paramount.

## ISOFRAME WAVE - THE SHAPESHIFTER™

The ISOframe Wave system is extremely compact during transport. A selection of bags & cases for the structure & the graphic panels are available.

### The patented Flexi-wave link

The wave link can flex up to 180 degrees each way in the horizontal position, yet the structure remains unbelievably strong & stable.

### Shape your display as desired

Alternative layouts created using the same (or fewer) graphics & framework as the 6-section display shown on opposite page.

### Easy mounting in a few steps

# ISOframe Exhibit™

ISOframe Exhibit is the ideal system for designing & building customized large format exhibition stands. It uses fixed horizontal beams (available in 9 different shapes), instead of the flexible Wave link, to give the system the rigidity & stability needed for more advanced large size constructions (up to 5 meter / 16 ft. height). Our unique tool-less FASTclamp connector & easy to use self aligning graphics let you create these stunning exhibition stands both easily & cost effectively.

## EXTREMELY COST EFFECTIVE

No specialist trades are required during set-up. This coupled with reduced storage & transportation costs, not to mention the re-usability of the system, means exhibiting becomes a lot more cost effective with ISOframe.

1. Media screen
2. Storage room
3. Lockable door

### Use single- or double sided

An Exhibit wall looks fantastic when clad with graphic panels on both sides. The unit is extremely slim (40 mm / 1.5") & the aluminium corner trims further enhance the impression.

### Ideal for customized stands

ISOframe Exhibit is extremely versatile to fulfil a large variety of different design needs & shapes. Special 3D-design software is available for our worldwide distributors & dealers to create attractive & functional stands.

### Sold in component form

ISOframe Exhibit uses fixed horizontal beams in different shapes: 5°, 10°, 15°, 22.5°, 30°, 45°, 60°, 90° & straight, as well as vertical posts in different lengths to create the desired design & height of the stand.

## ISOframe Ideas

# ISOframe Counter & Shelf Systems

## ISOframe - Large Reception Counters

The Mark Bric ISOframe program now includes a modular system of large reception counters, which can be individually designed to fit any reception area or trade show stand. Choose one of our complete counter units - straight or curved - with wooden top & inner shelves in black finish, or customize your counter by combining different counter sections into a unique shape. All of our reception counters offer a stylish solution at a reasonable price, with no compromise on quality.

Carrying bags & graphic cases are available.

A curved 7-section customized counter unit.  
Approx. size: 3m (w) x 2m (d) / 118" (w) x 78" (d)

### FASTclamp

The ISOframe counters have an easy & tool-free assembly thanks to our unique & patented FASTclamp connector.

### Useful inner shelving

The standard counter units include 1 inner shelf for each section. More shelves can be added & purchased extra.

### Double sided graphics

The counter units can be prepared & delivered for using graphic panels on both sides. Please state when placing the order.

## Easy mounting in a few steps

### Standard units

3-, 4- & 5-section counter units (straight or 30-degree curve) serve as our standard units. Delivered complete with framework, top shelves & 1 inner shelf/section.

A straight 3-section standard counter unit.  
Approx. size: 2,5m (w) x 0,5m (d) / 98" (w) x 20" (d)

A curved 5-section standard counter unit.  
Approx. size: 3m (w) x 1,4m (d) / 118" (w) x 55" (d)

### Customized units

Combine curved & straight sections to build your own unique reception counter. 12 curved sections make a full circle.

An S-curved 6-section customized counter unit.  
Approx. size: 4,1m (w) x 1m (d) / 161" (w) x 39" (d)

### ISOframe - Shelving System

A new & smart system for attaching shelves to the ISOframe backwalls & trade show stands. Choose number of shelves & their position in line with your needs & requirements. One more useful addition to the highly versatile ISOframe system.

The wooden shelves are in an attractive black finish & available in a straight or 22,5° curved shape.

Shelf holders (brackets) are equipped with pre-mounted velcro tape for holding the shelves in place. Screws can be added for a fixed mounting.

Please note: Free-standing wall units may need an extra support for securing stability. Please contact us for our recommendations.

# ISOframe Fabric System

## ISOframe® - Fabric

Ideal for shell scheme or freestanding stands, our silicone-edged tension fabric system is extremely portable & with our unique FASTclamp connector, gives a tool-free assembly, making it 15 times faster to build than conventional tension fabric frameworks.

- Exclusive frame clamp creates perfect mitred corners & is 15 times faster to construct than rival fabric products
- Tool-less assembly
- Continuous, unrestricted fabric graphics
- Extremely portable, lightweight graphics
- Easy for the self-build market, both freestanding & shell clad

### Mounting fabric

The silicone edge simply glides into the channel.

### Easy mounting in a few steps

Insert angle brackets into the profile.

Snap the FASTclamp closed to secure.

Repeat with the second profile.

A secure connection without any tools!
