

12V LED Neon flexible

CE ROHS IP67

LED Neon Flexible

1. Adopt high brightness SMD2835, 30-36lm/LED
2. Small diameter 6x12mm
3. 12v so safe to touch
4. small size, suitable for mini letter lightings
5. High light effect, long life-span, low light decay
6. Special injection Tech, IP67 waterproof

Applications

Suitable for replacement of standard Neon. Gives the same custom neon look.
No glass or gas inside, so safe for any application.

Warranty

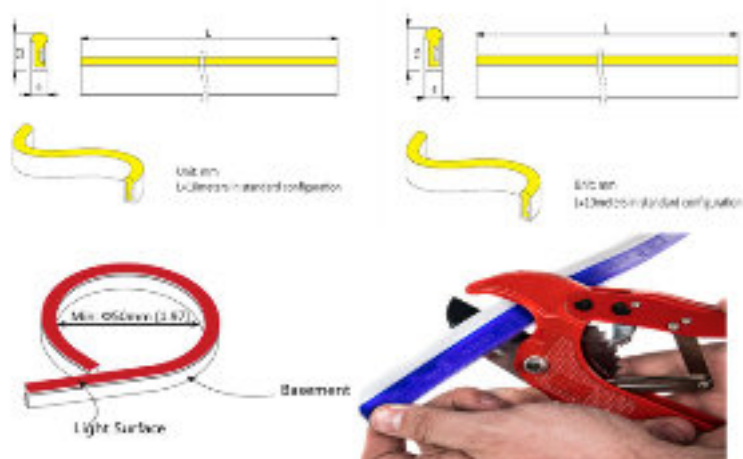

5 years or 30,000 hours
whichever comes first

Data

The below data is typical, and the actual data of each product and colour may be different from the typical value, the data is subject to change without prior notice.

Testing environment
temperature: 25±3°C

DATA	
Model	MTXNeon-X
LED Type	2835 SMD LED
Viewing Angle	180°
Cut length	2.5cm
LED Qty	120/M
Life Span	50,000 H
Working Voltage	DC12V
Consumption	9.6W/m
Driving Method	CV
Dimension	6x12mm
Available Color	CW, WW, RED, BLUE , GREEN,PURPLE
Certification	CE&ROHS
Working Temperature	-40°C ~ +60°C
Store Temperature	-50°C ~ +70°C
IP Degree	IP67
